

Clean Energy Solutions

Presented by Saugeen Sparks Training Centre and Neoen

NEOEN

A one-week program that provides students with a strong foundation in solar power, battery energy storage, and electrical vehicle charging systems at residential and commercial scale, with mentorship from experienced industry professionals.

 Saugeen Senior District School

JULY 2026

6

MONDAY

AM Introduction to Renewable Energy
PM New Advancements in Clean Energy

7

TUESDAY

AM Solar Power Fundamentals
PM Introduction to String Design + Hands On

8

WEDNESDAY

AM Battery Storage Basics
PM Battery Integration + Hands On

9

THURSDAY

AM EV Charging Systems
EV System Integration + Hands On
PM Testing and Commissioning

10

FRIDAY

AM Electrical Code for Solar and ESS Installations
Connection to the Grid
PM Other Technologies
Course Summary & Evaluation
Commencement and Closing
